MERCK

VWR International & MERCK partner together

Sigma-Aldrich[®]

Lab & Production Materials

Millipore[®]

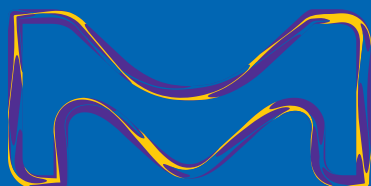

Preparation, Separation,
Filtration & Monitoring Products

Milli-Q[®]

Lab Water Solutions

Supelco[®]

Analytical Products

The life science business of Merck
operates as MilliporeSigma in the
U.S. and Canada.

Merck has brought together the world's leading Life Science brands, so whatever your life science problem, you can benefit from our expert products and services.

Sigma-Aldrich®

Lab & Production Materials

The Sigma-Aldrich® portfolio of Merck offers a strong and ever-expanding offering of lab and production materials. Through our technical support and scientific partnerships, we help connect our customers with a whole world of progress.

Millipore®

Preparation, Separation,
Filtration & Monitoring Products

The Millipore® portfolio of Merck offers an ecosystem of industry-leading products and services, spanning preparation, separation, filtration and monitoring – all of which are deeply rooted in quality, reliability and time-tested processes. Our proven products, regulatory and application expertise are a strong foundation you can rely on to consistently perform at the highest level.

Milli-Q®

Lab Water Solutions

The Milli-Q® portfolio of lab water solutions of Merck takes care of all your water quality and purity needs. Our solutions are backed by consistent quality and full compliance and work seamlessly together, letting you focus on your vital work.

Supelco®

Analytical Products

The Supelco® portfolio of analytical solutions of Merck is developed by analytical chemists for analytical chemists to ensure your results are accurate, precise and reproducible. Every product is meticulously quality-controlled to maintain the integrity of your testing protocols and, with our dedicated scientists, the expertise you need is always on hand.

Through innovative products and regionalized customer touchpoints, we work as an adaptive and strategic partner to meet the needs of our customers.

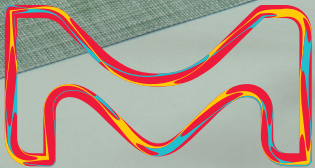

MERCK

Helping you unleash the impossible.

Whatever projects you're working on, be it a simple test or a cure for all known diseases, you can count on the unparalleled Sigma-Aldrich® portfolio along the way. With proven, reliable, cutting-edge lab and production materials, we are always expanding and perfecting our global portfolio. So we'll be right there with you as you make that leap from impossible dream to reality.

Discover how the
Sigma-Aldrich® portfolio can
support your explorations.

The Life Science Business of
Merck operates as MilliporeSigma
in the US and Canada.

Sigma-Aldrich®
Lab & Production Materials

Sigma-Aldrich®

Lab & Production Materials

Products to help you unlock the potential of your ideas.

Our products and services all exist for one purpose – to provide solutions to help you reach your scientific destination. And wherever you are, rest assured our global presence and over eight decades experience, gives you an unmatched knowledge base to tap into.

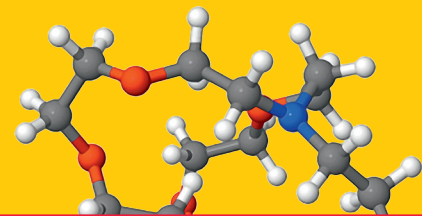

The Sigma-Aldrich® portfolio offers high-quality, reliable and consistent lab and production materials.

Leading-edge products for you.

Organic Synthesis

MERCK

A Millipore® Mind knows excellence isn't a coincidence.

Understanding your world drives everything we do. Our products and support give you reliability and consistency at every stage to ensure you surpass technical, regulatory and performance standards.

See how your world inspires our thinking.

The Life Science Business of Merck operates as MilliporeSigma in the US and Canada.

Millipore®

Preparation, Separation,
Filtration & Monitoring Products

Millipore®

Preparation, Separation,
Filtration & Monitoring Products

Innovation inspired by you.

Designing products that make your daily work easier and more reliable needs a specific mindset – a deep understanding of your world. We call it the Millipore® Mind. It's why all our products are deeply rooted in quality, reliability, expertise and time-tested processes.

The comprehensive Millipore® portfolio includes high-quality, market-leading products in the following categories:

Detection and Monitoring Products

- Pharmaceutical Microbiological Safety
- Food Microbiological Safety
- Beverage Microbiological Safety

GranuCult® Low-Dust
Granulated Culture Media

MAS-100 NT® for Microbial
Air Monitoring

When you choose from the Millipore® portfolio, you also benefit from unlimited access to our industry experts and from their long-term experience working side-by-side with clients.

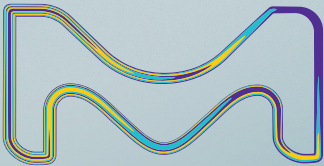

MERCK

We'll focus on the water, so you can focus on your work.

Whether you're rewriting the textbooks, striving for analytical perfection or protecting the vulnerable, your work should be your focus, not your lab water.

That's why the Milli-Q® portfolio supplies best-in-class water solutions for every kind of water purity, because we cater for every kind of laboratory. And with the right expert support, it means we can save you precious time and physical space, so you can keep your focus on making the difference that really matters.

**Focus in on the benefits of
the Milli-Q® portfolio.**

The Life Science Business of Merck operates
as MilliporeSigma in the US and Canada.

Milli-Q®
Lab Water Solutions

Milli-Q®

Lab Water Solutions

We'll take care of the water your critical work needs.

Because your focus should be spent on your vital work, we provide a complete service for the highest water purity, covering our broad range of pure and ultra-pure water purification systems for every type of laboratory, in both validated and non-validated environments.

The Milli-Q® portfolio provides a holistic solution for your water purity needs that uses your resources economically.

Because your time and space are precious, we always take a considered approach to help your lab run efficiently, so you can focus on what matters.

A selection of our leading-edge products for you:

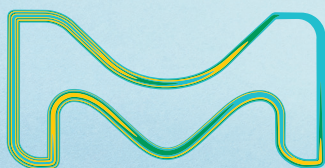

Milli-Q® IQ 7000 series
Integrated Pure & Ultrapure Water Solution

MERCK

Supelco[®] analytical products. Exquisite accuracy. Every time.

Maintaining your high standards requires analytical products you can rely on, along with the right documentation and expert guidance. That's why the entire range of Supelco[®] analytical products — from spectroscopy and spectrometry, to mobile and classical analysis, chromatography, and titration — are precisely developed by analytical chemists to comply with the same guidelines and regulations that you follow. So for a flawless performance, time after time, choose Supelco[®] analytical products.

Supelco[®]
Analytical Products

Reliable and reproducible analytical solutions.

Because consistency is paramount for your analytical work, the Supelco® portfolio offers a comprehensive range of analytical products and services for your specific application.

Supelco® products provide accurate, precise and consistent results in the following areas:

Chromatography

- U/HPLC, LC-MS
- HP/TLC, TLC-MS
- GC, GC-MS

Spectroscopy & Spectrometry

- ICP & AAS
- UV, IR & NMR
- Mass Spectrometry MS

Sample Collection & Preparation

- SPE, QuEChERS, SPME
- Air Sampling

Titration

- Karl Fischer
- Volumetric

Mobile Lab / Analysis & Test Kits

- Reflectometers, App, Test Strips
- Photometric Instruments, Test Kits, Software and Services

Solvents, Inorganics & Reagents

- Classical to Ultra High Purity

Assurance, Calibration & Proficiency Testing

- Certified Reference Materials and Chemical Standards

Other Analytical Techniques

- Sensorics, Classical Analysis, Physical Properties
- Safety and Essential Lab Products

The comprehensive Supelco® portfolio is developed by analytical chemists for analytical chemists, and covers all workflow phases from Sample Collection, Preparation and Analysis, through to Detection.

Whatever Supelco® products you choose, you have the assurance that our products and quality control facilities always comply with the same guidelines and regulations as you, and our systems are often inspected, certified and even used by the same regulatory bodies.

Leading-edge products for you*

Chromatography:
GC, U/HPLC, Columns & TLC Plates, e.g. Ascentis® Express, BIOshell™, Chromolith® columns

Spectroscopy & Spectrometry:
e.g. Suprapur® and Ultrapur acids & bases, Uvasol® solvents

Sample Collection & Preparation: Overcoated SPME Fibers, HybridSPE®, Supelclean™, Supel™ QuE SPE phases

Titration:
e.g. Aquastar® Karl Fischer reagents, Titripur® reagents

Mobile Lab and Test Kits: e.g. Spectroquant® Prove Photometer MQuant® test strips and App

Solvents & Inorganics:
e.g. EMSURE® Solvents, Acids and Salts, LiChrosolv® UHPLC-MS solvents, Ultrapur acids

Certified Reference Materials and Chemical Standards:
e.g. TraceCERT®, Cerilliant®, and Certipur® products

Safety & Lab Essentials:
e.g. Extran® detergents and Chemizorb® absorbents

*this selection is complemented by other Supelco® products and third party products
